

Karthik Viyyuri

karthikviyyuri@gmail.com | +91 9701992085 | linkedin/karthik | github/karthik

Skills

Core AI/ML: Python, TensorFlow, PyTorch, Scikit-learn, Deep Learning, Computer Vision, NLP

Tools and Technologies: Git, SQL, Jupyter Notebook, VS Code, JavaScript, HTML/CSS, C, Java, Playwright

Work Experience

Tata Consultancy Services (TCS) | Project Intern

July 2025 – Sept 2025

- Supported a 3-month Microsoft 365 tenant transformation project, assisting with user and mailbox migration workflows using Microsoft Entra ID and Exchange Online.
- Automated recurring cleanup and validation tasks using PowerShell scripts, reducing manual post-migration effort by approximately 30% and improving cloud migration workflow efficiency.

PalTech | Intern

- Translated business requirements into functional solutions during end-to-end project implementation, supporting smoother delivery across development and testing phases.
- Developed and automated 200+ UI regression test cases using JavaScript, Playwright, and Page Object Model framework, improving test maintainability and regression coverage.
- Integrated automated test execution into CI/CD pipelines, reducing repetitive manual testing effort by approximately 25% and enabling faster application validation.

Projects

Cache-Augmented Multimodal Sentiment Analysis using Embeddings

2025

- Python · Deep Learning · Sentiment Analysis · BERT · CLIP · Streamlit*
- Built a multimodal sentiment analysis system combining text, audio, and facial-expression inputs to detect user sentiment more effectively.
- Implemented a cache-augmented embedding approach to reduce repeated computation and improve retrieval efficiency during sentiment prediction.

Publications

Presented and published a research paper titled “**Cache-Augmented Multimodal Sentiment Analysis using Embeddings**” at the **WECON 2025 Conference**, backed by the IEEE Delhi Section.

Education

B.Tech, CSE (AI-ML), BV Raju Institute of Technology

2022 – 2026

- GPA: **8.1 / 10.0**
- Relevant Coursework: Deep Learning, NLP, Data Structures & Algorithms, DBMS, Computer Vision

Intermediate, MPC, Excellencia Junior College

2020 – 2022

- Percentage: **94.9%**

Certifications

Deep Learning for Natural Language Processing – NPTEL (2025)

Data Structures and Algorithms – Smart Interviews (2024)

Database Management with SQL – Oracle Academy (2023)

Joy of Computing using Python – NPTEL (2023)

Leadership & Achievements

Videography & Editing Lead – Media Club, BVRIT

Media Coordinator – SAE E-Baja (2024 & 2025)
